

The company that invented the first erosion blanket now is offering:

Lunch and Learn Workshops

What you will get from the luncheon workshop

- Learn *"How Green is Your Footprint"*
- What is a LEED® certification and how can erosion and sediment control products help me get it?
- How can I take the frustration out of choosing and designing with available erosion and sediment control BMP's?
- What's the latest in NPDES regulations?
- What do current erosion and sediment control BMP's cost installed?
- American Excelsior Company's free ErosionWorks design software for selection of solutions for slope protection and channel stabilization
- Earn a certificate for one professional credit hour
- **FREE LUNCH ON US!**

Complete and enter your request for our Lunch and Learn Workshop. A representative of American Excelsior Company will contact you quickly to set a luncheon date and discuss your Lunch and Learn Workshop.
